THE M. E. PHILLIPS CASE.

Rev. John H. Pardon Contributes Some Information About It.

No one seems to know what has become of M. E. Phillips, the man who was released from the asylum on June 29 by order of Judge Hazen of the district court. Phillips is the man who was confined five years in the state insane asylum here, illegally, Phillips convinced every one that he is now perfectly sane. He asserted that he had never been insane, and that he was sent to the asylum without the forms of a trial before the probate court.

The records at the asylum show that Phillips was regularly tried before the probate court of Smith county, and adjudged insane April 24, 1889. The statement of the case says that Phillips gave evidence of homicidal and suicidal tendencies. The asylum record shows that he was under the delusion that he could hear voices of people in Smith county, but the only record of any violence on his part was on Oct. 21, 1889, when he demanded his liberty and tried to take the keys from an attendant.

The record suddenly breaks off early in 1893, when the statement is made that Phillips was sullen in manner. Nothing more about the case is on record at the asylum.

In relation to the case, the following letter has been received at the JOURNAL office:

To the Editor of the State Journal.

SIR:—In your issue of the 29th I see the account of the release of M. E. Phillips from the insane asylum by a writ of habeas corpus. This should reveal one of the boldest and blackest crimes known to the citizens of Kansas. Phillips is a man who has been confined in the insane asylum of Kansas for five years, and yet perfectly sane. This statement Mr. Phillips will have no trouble to prove. Nor do I think it any difficult matter to prove that it was a known fact to the officers of that institution. If they were blind to such a fact they were certainly unfit for that position; if they were aware of it (which I believe they were), then they knew the condition under which he was brought there, and therefore know who is responsible for his confinement. The laws of justice to humanity demand that light be thrown upon this darkness.

In February of 1890 I was engaged as attendant in that institution. I was placed on B. 1 ward, the most violent in the asylum. As I glanced around at the occupants my eyes rested on this man, Phillips, neat and tidy in appearance, always bearing showed him to be a man of intelligence, conversant with any subject, sociable and courteous. At the dinner table the first day I asked the other attendants what was the matter with that man with the gray suit on. They said nothing. I then asked what he was there for, when the head attendant said that this was one of the mysteries of the institution.

During the day Phillips told me the same story he told your reporter and upon the witness stand. This he often repeated during my stay there about always the same. He would frequently urge me to look after his case and see what could be done. I told him as long as I was an employee in the institution I could do nothing, but when I quit would see what could be done. I remained there only a few months. I then wrote about two lawyers in Smith Center, asking them if they knew anything about his case. I received no reply. I then wrote to his sister in Dakota. She wrote to the superintendent, Dr. Eastman; he replied: she then wrote me, sending his letter. His reply to her in substance was about this: "Yes your brother Mr. Phillips is an inmate of this institution and we consider him a very bad man; he has spells during which he is almost uncontrollable, he is a man we deem unfit to be at large."

When I read this I was fully convinced that there was something "rotten" about the case. His sister said she would look after him and see what could be done. I left it with her supposing that something would be done. I have made inquiries about him since, but could learn nothing. The last thing Mr. Phillips said to me was "you will be called upon as a witness in this case before it is over with."

A number of attendants can be found who will testify to what Mr. Phillips has stated. Something is wrong. It demands investigation. It is an act akin to heathenism rather than becoming to modern civilization.

Every citizen of Kansas has a right to know of such things if they exist in her institution of charity.

I am yours for the right,
REV. JOHN H. PARDON,
Centropolis, Kan.

HE IS CRAZY.

Fred Garland is Found Insane By the Probate Court.

Fred Garland the young man whose insanity led to his arrest by the police on July 4 was taken before Probate Judge Elliott today and tried by a jury regarding his sanity. The jury found him to be a lunatic and ordered him sent to the State Insane Asylum. This will make his fourth change in two days. After being locked up in the city prison he was transferred to the county jail, and from there to the North Topeka Insane Asylum. Jailer Woodruff says he will never accept a lunatic again as a prisoner without a commitment from the governor.

IN POLICE COURT.

Boys in An Orchard—A Gun Unlawfully Discharged.

It was a very ordinary little docket which Judge Eschminger was called upon to dispose of at the police court today.

Andy Bayton, a colored boy, charged with petty larceny, was acquitted for lack of evidence. He was one of three boys who had crawled into Col. Holliday's orchard on Monroe street, and were rapidly filling their interior arrangements and pockets with green apples, when the police were notified. Sergeant Steele responded, and chased the boys several blocks, and finally cornered Bayton. As Charles Holliday didn't care to appear in court the boys were discharged. John Hatcher is a colored man nearly 60 years old, who had discharged firearms inside the city limits. Officer Capron was sitting in front of the police headquarters this morning when he heard the shot, and then heard the bullet whizz within a few feet of his ear. He located the shooting two blocks below, where Hatcher was trying to shoot a weasel. He was fined \$5.

Paid His Wife's Alimony.

Alfred Page, whose wife, Eva L. Page, began a divorce suit a short time ago, was taken into the district court yesterday to show cause to Judge Hazen why he shouldn't be sentenced for contempt of court. The court had ordered Page to pay his wife \$50 alimony while the suit is pending, the money to be paid on or before July 1st. The money was not paid, hence the contempt proceedings. Page told Judge Hazen that he didn't understand the date and thought he had several days yet to pay it. He kept out of jail however by paying the \$50 on the spot. Page owns a farm six miles north of town and is reported to be well fixed financially.

Affects The Liquor Law.

The Supreme court in the list of decisions handed down at this term of court decides the witness liquor law unconstitutional. This is a black eye to the enforcement of the law as the county attorney without that law has no power to compel a witness to tell what he knows about violations of the law. Under the law which is now said to be unconstitutional a county attorney could send a witness to jail for contempt for refusing to testify about violations of the prohibitory law. Associate Justice Allen wrote the syllabus of this decision.

TO ACT TODAY.

[Continued from First Page.]

militia are now in the field except four-teen companies held in reserve.

The Wabash are moving trains here today with United States marshals and deputies in charge. The Chicago & Alton limited from St. Louis arrived on time and left for Chicago at noon.

MOB AT NOBILITY.

A Wabash Passenger Train Held Up At That Point.

St. Louis, July 7.—The first decided display of violence in connection with the railroad strike in Missouri was at Moberly just after midnight when a mob of 200 strikers and sympathizers surrounded the Wabash passenger train which left here last evening and drove the crew from it.

The fireman was especially badly treated by the mob, suffering a number of bruises and cuts. As soon as the facts were made known at the road's headquarters here officials took the matter before the U. S. officials here by way of a warrant was issued for A. C. Burdick, leader of the mob, and also 200 blank informations to be filled out on the ground by deputy marshals and then served.

These papers were sent to Moberly at once by special train.

Will Take No Money For Shipment.

WASHINGTON, July 7.—The treasury officials have been compelled to stop all shipments of cash to points west of the Ohio river, in consequence of the strikes. Acting under a privilege granted them in their contracts, the several express companies have notified the officials that they will not accept cash for shipment to points west of Ohio, Kentucky, Tennessee, Mississippi and Louisiana. This situation is unfortunate, particularly at this time, as pensions are now being paid in Chicago, and money is needed there for that purpose.

Deserted the Train at Las Vegas.

LAS VEGAS, N. M., July 7.—There has been no disturbance in connection with the strike, until a train load of United States deputy marshals arrived last night enroute south. The engineer deserted the train here. A deputy attempted to arrest him and force him to continue, but City Marshal Clay refused to let the deputy take him. The episode created bad feeling against the deputies.

Will Not Delay Endeavorers.

CLEVELAND, July 7.—A committee from the A. R. U. called at the headquarters of the Christian Endeavor society today, and assured the officers of the latter society that the members of the A. R. U. would do everything in their power to facilitate the movement of trains carrying delegates to the Christian Endeavor meeting.

Santa Fe Moves Freight.

KANSAS CITY, July 7.—The Santa Fe got out several freight trains today under guard of deputies. There was no opposition. The other roads remain about the same as yesterday. The Memphis has closed its shops here and at Springfield, throwing out about 500 men. The road is practically paralyzed.

A Glimpse of Sunshine.

PITTSBURGH, July 7.—The time scale was signed today at a conference of manufacturers and workmen. This, with the settlement of the sheet scale, affects 16,000 men and forty mills in the country. A general resumption will take place next week.

New York Seventh Under Orders.

NEW YORK, July 7.—Members of the 7th regiment New York National Guards have been ordered not to quit the city without leaving with the proper officers the address at which they might be summoned in case of instant need.

Went Back on Debs.

LOUISVILLE, July 7.—An order was received here from President Debs ordering out all A. R. U. men on the L. & N. A reply was sent stating that the men had no grievance against the road and refused to strike.

Broken at Joliet.

JOLIET, Ill., July 7.—The backbone of the strike in Joliet is broken. After staying out nearly two days the employees of the Elgin, Joliet & Eastern road went to work this morning.

Assaulted a Train.

OGDEN, Utah, July 7.—The train on the Union Pacific that left Cheyenne Thursday arrived here today. A mob assaulted the engineer and fireman and the latter was almost beaten to death.

CONDEMNED WAGENER.

The A. R. U. Passes a Resolution Condemning the Late Badger.

The following resolutions were passed by the A. R. U. in meeting assembled in Topeka this afternoon:

TOPEKA, Kan., July 7, 1894.

To the Officers and Members of Topeka Lodge, No. 27, A. O. U. W.

Whereas, A certain individual by name Ed Wagener, by occupation a United States commissioner, has invaded our peaceable city, and is trying to antagonize one class of citizens against another class by inducing them to wear as a badge our fraternal emblem of liberty, the glorious stars and stripes, as directly in opposition to the white badge of peace worn by the members of the A. R. U.; and

Whereas, Such action on his part has a tendency to degrade and trail in the dust our flag, of which we are all proud and for which we would fight if need be in any honorable cause; therefore, be it

Resolved, By this assemblage of laboring men, all of whom are patriotic American citizens, that the actions of said Wagener are unwarranted, unjust, unpatriotic and un-American.

Weekly Bank Statement.

NEW YORK, July 7.—The weekly bank statement shows the following changes: Reserve, decrease, \$2,688,825; loans, increase, \$14,709,400; specie, decrease, \$1,203,400; legal tenders, increase, \$2,409,900; deposits, increase, \$15,280,500; circulation, increase, \$646,700. The banks now hold \$72,154,725 in excess of the requirements of the 25 per cent rule.

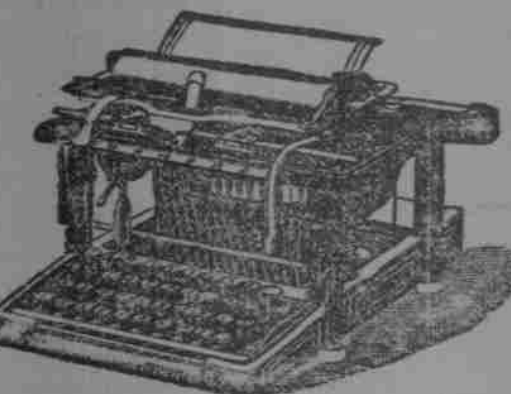

More Clerks Laid Off.

This afternoon twenty-five clerks in the car service department of the Santa Fe office were laid off, making about 75 temporarily dismissed since last night.

TWO DOCTORS FIGHT.

Dr. Yellowstone and Dr. Patee at Fifth Avenue Hotel.

Dr. Yellowstone, whose "medicine show" on Quincy street has drawn a packed street nightly, engaged in a fight with Dr. Patee in the corridor of the Fifth Avenue hotel Thursday evening, that came near resulting disastrously. Dr. Patee is said to have made some disagreeable remarks about Mrs. J. H. Stewart, the wife of Dr. Yellowstone's associate. This led to some unpleasantness which was dropped, however, until the doctors got into an argument over the length of time they have been practicing medicine. Dr. Patee claimed to have practiced for twenty years, and Dr. Yellowstone but \$200 he hadn't practiced that long. The money was put up, but the witnesses by which Patee wished to prove his claim were not acceptable to Yellowstone, and the argument became more heated and the men were soon calling each other liars and worse names.

Finally Dr. Yellowstone shoved Dr. Patee through the door into the anteroom and Patee struck his adversary over the eye with his fist. Then Dr. Yellowstone went up stairs to his room and soon came down, revolver in hand. He is said to have pointed it at Patee, but that physician threw up his hands and jumped behind several guests, of whom quite a crowd had assembled by the quarrel. Two policemen came and hostilities were soon brought to a close. Later in the night the quarrel is said to have been renewed. No arrests have been made but Patee threatens to have Yellowstone arrested.

ANOTHER CLUB CLOSED.

Warren Fleming's Place on Crane Street Shut Up by the Sheriff.

Warren Fleming, a colored barber, has been arrested for selling liquor in Boogie's flats on East Crane street. Fleming claims he was running a club, but Sheriff Burdge thinks he has evidence to show that Fleming sold liquor without even taking the trouble to go through the common club ritual. The arrest was made on the information of the county attorney.
